[Hello, welcome to **usual adventures**. A turn-based, role-playing game. Assume the role of yourself in an emergent situation. Describe the actions you would like to take or the thoughts that occur to you. A response will be sent back.]

You are standing in a white room. There is a white chair in the room as well as a white staircase. There is also a white bookshelf with a few white books on it.

[Please use bracketed syntax for any meta-discussion.]
