We were at a good place,
a “how did we get there?”
sorta story.

Imagine when you read a story,
Pictures and words (are?)
all out of order.

Split on the question.
Split on the question.
Split on the question.

I won't tell you (and?)
you'll never guess.

Whatever that was,
a scheme to save money.

the conflict is this: You can't fix stupid.
Kinda won't stick, how you think
I think I did.

-Hi,

I would like to know if you have an animal that lives underground.
If so can you specify which ones and a little bit of info about how do they
live underground. Thankyou.

-Hi,

You want an animal that lives underground? I am sorry but the stuff that we sell all lives above ground. Also, I can't imagine why anyone would want to buy an animal that lives underground. Really, what would be the purpose? Thankyou.

the room.”
