We were at a good place,  
a “how did we get there?”  
sorta story.

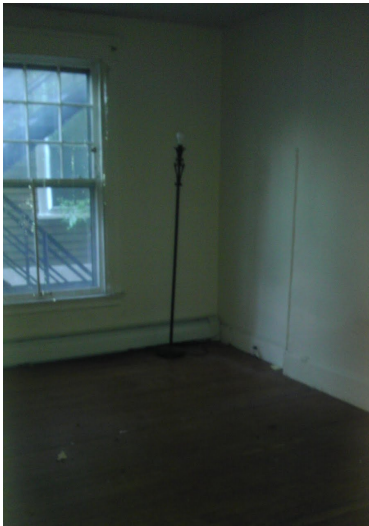

Imagine when you read a story,  
Pictures and words (are?)  
all out of order.

Split on the question.  
Split on the question.  
Split on the question.

I won't tell you (and?)  
you'll never guess.

Whatever that was,  
a scheme to save money.

the conflict is this: You can't fix stupid.  
Kinda won't stick, how you think  
I think I did.

-Hi,

I would like to know if you have an animal that lives underground. If so can you specify which ones and a little bit of info about how do they live underground.

Thankyou.

-Hi,

You want an animal that lives underground?  
I am sorry but the stuff that we sell all lives above ground. Also, I can't imagine why anyone would want to buy an animal that lives underground. Really, what would be the purpose?

Thankyou.
